1. The three digit statistical areas defined below are for statistical and management purposes and may not be consistent with stock area delineation used for biological assessment. (see the attached statistical chart).

Sea Scallop Stock Areas:

Gulf of Maine: 511-515. South Channel: 521, 522, 526. Georges Bank North: 561, 562. Georges Bank South: 525. Southern New England: 537-539. New York Bight: 611-616. Delmarva: 621-623, 625-627. Virginia/North Carolina: 631-638.

- 2. Landings in meat weight.
- 3. State landings for Connecticut are estimated for the January December 1999 period.
- 4. Gear data are based on vessel trip reports.
- * Fishing Year is March 1 through February 28. 5/18/00
